# POLICE PERMITS

L.A.P.D

**to protect and to serve**

**I**t is the primary goal of the Commission Investigation Division, Enforcement Section to regulate permittees through a program of voluntary compliance. In an effort to achieve this, we are providing you with this information to make compliance easier and more convenient. It is important to keep a watchful eye in the best interest of all citizens and to keep equity among all business owners. Compliance with these laws will better enable the City of Los Angeles to keep out organized crime and other forms of criminal activity. Non-compliance may have serious effects on the business owner as well as the community. Please help us to better serve you and your community by taking a moment to check with your local City Clerks office to be sure you are operating your business legally
